The inspector also, when authorized by the chief of the bureau, may stamp each package in the lot with the class, grade, or quality of the product contained in it, or he may furnish the applicant with certificates of quality which state the class, grade, or quality of the product when inspected, or he may authorize the applicant to issue certificates of quality of such form as have the approval of the chief of the bureau, the certificates of quality furnished to the applicant or issued by the applicant to be used only by the applicant in such manner and for such purpose as is approved by the chief of the bureau.

They shall be kept on file until other disposition is ordered by the chief of the bureau.

#### Regulation 7. Reinspections

SECTION 1. *When a reinspection may be had.*—Whenever the original applicant or other interested party has reason to believe that the quality or condition of a lot of butter, cheese, or eggs on which an inspection certificate has been issued does not conform to the condition, quality, or grade stated in such certificate, he may make application for a reinspection, provided the application is made before the close of the third business day following the date of the inspection and before the identity of the original lot of butter, cheese, or eggs inspected has been lost.

SEC. 2. *How to obtain reinspection.*—Application for reinspection of butter, cheese, or eggs under the act may be made in writing or orally, by telegram, telephone, or otherwise. Such application may be made to (a) any inspector, (b) supervising inspector, or (c) the chief of the bureau. If made orally, the person receiving the application may require that it be confirmed in writing. Such application shall give the reasons therefor and shall be accompanied by the inspection certificate previously issued on the lot, if it is in the possession of the applicant.

SEC. 3. *Record of applications for reinspections.*—A record showing the date and time of filing such application shall be made by the receiver thereof.

SEC. 4. *When an application for reinspection may be withdrawn.*—An application for reinspection may be withdrawn by the applicant at any time before the reinspection is made, upon payment of any expenses incurred in connection therewith.

SEC. 5. *Inspectors who may pass on reinspection applications.*—Applications for reinspections shall be passed upon by inspectors designated for the purpose by the chief of the bureau.

SEC. 6. *When a reinspection may be refused.*—If it shall appear that the reasons stated in an application for reinspection are frivolous or unsubstantial, or that the quality or condition of the butter, cheese, or eggs has undergone material change since the last previous inspection or reinspection, or the identical butter, cheese, or eggs can not be made accessible for inspection, or the act or these regulations have not been complied with, the application may be rejected and the applicant shall be notified the same day, by telegraph or in writing, of the reason for such rejection, and a statement of such action shall be included in the record of such application by the official making the same. Upon the rejection or withdrawal of an application for reinspection any inspection certificate filed therewith shall be immediately returned to the person by whom filed, or delivered upon his written order.

SEC. 7. *Certificate for reinspection.*—The inspector making a reinspection shall sign and issue a "Reinspection certificate," referring specifically to all previous inspection and reinspection certificates, and stating the quality and condition of the butter, cheese, or eggs as found on the last inspection or reinspection. In all other respects the provisions of regulation 4 shall apply to such reinspection certificates, except that copies of the reinspection certificate shall be sent to all interested parties, if known, other than the carriers, and to such of them as have been the applicants for any former inspection or reinspection.

SEC. 8. *Extension of time.*—Upon satisfactory showing of evidence of fraud, or that on account of distance the time of filing is insufficient, or other good cause, the person mentioned in section 2 of this regulation, to whom the application for reinspection is made, may permit the filing of such application after the time prescribed therefor in these regulations, and a statement of such action shall be included in the record of such reinspection by the official making the same.

SEC. 9. *Certificate superseded shall not represent the quality, condition, or grade of butter, cheese, or eggs.*—When an inspection certificate shall have been superseded under these regulations by a reinspection certificate such inspection certificate shall not thereafter represent the quality, condition, or grade of the lot of butter, cheese, or eggs described therein. If the original and all copies of the superseded certificate are not delivered to the person with whom the application for reinspection is filed, the officer issuing the reinspection certificate shall forward notice of such issuance and of the cancellation of the original certificate to such persons or firms as he considers necessary to prevent fraudulent use of the canceled certificate.

#### Regulation 8. Licensed Inspectors

SECTION 1. *Inspectors may be licensed.*—Persons showing proper qualifications may be licensed by the Secretary of Agriculture as inspectors of butter, cheese, or eggs which may be inspected under this act. All such licenses shall be countersigned by the specialist in charge of the Division of Dairy and Poultry Products in the bureau, the specialist in inspection in that division, or by the supervising inspector under whose direction the licensee is to make inspections.

Paragraph 1. *License may be suspended.*—Any such license may be suspended, pending final action by the Secretary of Agriculture, by any official by whom it may be countersigned, whenever such official shall deem such action to be for the good of the service. Within seven days after any such suspension the licensee may file an appeal in writing to the Secretary of Agriculture supported by any argument or evidence that he may wish to offer in his behalf.

cooperative agreement with a State or other agency, when the fees and charges to be collected shall be those provided for under the agreement: *Provided, however,* That an additional fee of \$3 shall be charged when the inspection is made in a freight or express car or other place where the entire lot of the product is not readily accessible to the inspector.
